*Please be very explicit about your dietary requirements when ordering. The vast majority of the pizzas we prepare are not vegan so be sure to clarify that you need your food to be vegan.*

*While we try our best to avoid any cross-contamination our kitchen handles many meat and dairy products along with some nut, egg, and shellfish products. Please consider this when ordering.*

*What we have always referred to as "Garlic Butter" is actually garlic infused margarine that is 100% vegan. All of our breads and the thin crust are brushed with this before cooking. It can be omitted.*

*The Follow Your Heart Vegan Mozzarella does not melt as well as the Daiya cheeses. At your request we can cook any item "well-done" so the cheese melts more but it will result in burnt spots and extra crispy crusts.*
